Portfolio Information

USNnnnnnnnn – Title of the Patent Here (filed 10/23/2022, granted 7/21/2025)	Intl jurisdictions PCT/USNnnnn/nnnnnn (looks to be abandoned)
--	--

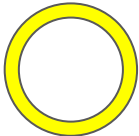

Patent Details

Patent	Claim Summary	Prosecution History
USnnnnnnnn Title of the Patent Here	Breakdown of the claims - Are they device or system or method claims? - What exactly is protected? - Are the claims narrow or broad? - Any troublesome language (negative claims, excessively limiting words)	How were the claims modified over the life of the patent? Were they narrowed significantly? What competitor's patents have been cited?

Red Flags/ Other Issues

- Looks like the PCT app has been abandoned
- The First Office Action cites very close prior art
- One inventor has left the company

IP Dashboard

Potential Further Research

- Investigate the key cited patent from the prosecution history
 - WOnnnnnnnnnn – look at FIGURE 7, this looks very close to the system claims
 - Competitor XYZ has a large portfolio of patents currently pending at the USPTO. These look to be more method claims, not system claims, but more investigation is recommended.
-

Questions to Ask

- Are there any continuation applications or other new applications pending?
- Has the PCT application been abandoned. Why?
- You've removed the method claims in the current application. Why?
